

★ Rosco's Burritos

In Charlie's Journal we found an entire section dedicated to one man. That man was "The incredible pool shootin', boot scootin' midget"...Rosco!
 By day Rosco and Charlie would grill in the hottest fires in Mexico.
 By night...they hit the coolest pool halls and dance floors. Rosco was once hailed as Tijuana's burrito king, and we still build 'em just like old Rosco.

We will grill up your selection with rice, black beans and grilled corn. Then we top it with Kickin' Queso, Rosco's Salsa, sour cream and serve 'em with a heap of tri- color tortilla chips.
 What Rosco lacked in height he made up in size!
 Be aware that these are some BIG Burritos!
